

2011 Biola Media Conference Press Credential Application

Any media interested in receiving press passes for the Biola Media Conference will need to submit an application for credentials. Due to the limited number of press passes to the BMC, freelancing media will need to submit proof of assignment by simply writing the angle of the story in the comments section. The Biola Media Conference looks forward to supporting your story coverage efforts!

ELIGIBILITY

Applications for credentials will be considered from representatives of:

Daily newspapers as well as wire and news services

National or international outlets

National radio and television networks

Entertainment trade publications

Legitimate news Internet sites

Credible blog

Please complete the application form below and email or fax by April 27, 2011. No applications will be accepted after this date. Only one press pass will be issued per organization. If you have questions, email Jenna Bartlo, Media Relations Coordinator at jenna.j.bartlo@biola.edu. Submission of application does not ensure that credentials will be issued.

You will be notified of your acceptance as a MEDIA Representative to the Conference within 2 days of submitting your application.
